## SUMMER HORSEMANSHIP CLASSES

### **An in-depth course on the care and upkeep of horses.**

If you're looking to spend some extra time at the barn this summer, or just get started with riding, our summer horsemanship classes are sure to be exactly what you're looking for! In these classes, students will learn how to care for a horse in addition to riding and tacking up. What really goes into horsemanship? Learn how to wrap legs, lunge the horse, take proper care of tack, and more! In addition to horsemanship, students will get an intensive English riding time each day. At the end of our five days, they will leave with the utmost confidence of how to care for a horse.

**Advanced week:**

This week is for students who are either currently taking lessons or have taken lessons in the past and are capable of controlling the horse at a canter. At least a year's riding experience is recommended. Students will refine their riding skills with activities that test their strength, balance, and working as one with the horse.
